

Gongos Research Internship Program

I chose Gongos because I felt that they were as interested in my personal development as I am.

- Adam Stone, Analytics Intern

In an industry being reshaped by forward-thinkers, a world of opportunity awaits you at Gongos Research. One of Michigan's fastest and smartest growth companies, we offer a vibrant and humanistic, yet challenging environment for interns. We provide an immersive experience where culture is key, and intelligence a must.

Interns are highly valued at Gongos Research. Not only do we treat you as an employee, you will gain a firm understanding of marketing research, while assisting in projects that help us guide our clients in developing products that consumers love! In fact, at Gongos Research, many of our employees began their careers with us as interns – from Moderator to IS Manager, and Project Coordinator to Principal, we understand your thinking at this stage of your career choice.

Join our team and you will understand why so many university professors and colleagues choose to send their most promising candidates to Gongos.
